### OHA 159

### Flight Surgeon's Reports of Aircraft Crashes Collection

**Date of Records:** 1933-1934

**Size:** .25 linear feet, 1 box

**Finding Aid:** by Laura Cutter, 2012

**Access and Use:** The Otis Historical Archives is committed to providing open access to its collections as far as possible within the limits of privacy and confidentiality. Access to this collection is at the discretion of the Otis Historical Archives and material contained within the records may be subject to review before access is granted.

**Historical Note:** The United States Army Air Corps (USAAC) was established in 1926, having formerly been the United States Army Air Service. The USAAC was abolished in 1942 with the development of the United States Army Air Forces, though it remained a branch of the Army until 1947.

**Scope & Content:** This collection contains reports submitted by Medical Corps flight surgeons regarding USAAC crashes throughout the United States from 1933 through 1934. The forms include location and personnel information, descriptions of the accidents, and injuries to the occupants.
